

Castle-Abbey of Cassan

Abbey and cathedrals
ROUJAN - Département

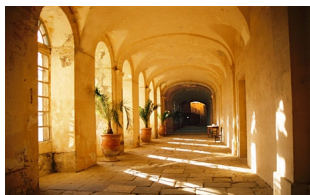

An historical setting for a truly memorable visit.

The magnificent castle-abbey of Cassan is nestled in the heart of Hérault's rolling vineyards and Olive groves in the foothills of the Black Mountains.

This peaceful oasis started as a simple royal monastery, developed by a succession of ambitious and powerful priors to become a luxurious prince's dwelling by the eighteenth century. The charm and tranquillity of its past surrounds and enchants everywhere in this elegant Abbey.

Unique in the Languedoc, this magnificent Abbey and its XII century chapel is an ideal setting for a range of events. It is now available as a very special venue for a wide range of public and private events.
